

What browsers can I use to access Riskonnect ESG?

Last Modified on 05/30/2022 5:44 pm PDT

A modern, secure browser is vital to using the Salesforce-based Riskonnect ESG platform. Using an unsupported browser will result in unexpected behaviors, errors, and may not allow certain features to function at all.

Supported browsers:

- Google Chrome version **73.0+** (*Latest release strongly recommended*)
- Mozilla Firefox version **65.0.2+** (*Latest release strongly recommended*)
- Apple Safari version **12.x+** (*Latest release strongly recommended*)

Unsupported browsers (DO NOT USE):

- Microsoft Internet Explorer (IE)
 - Netscape Navigator
 - Mosaic
-
