

Patch - v3.35.2 - November 25, 2019

Last Modified on 11/25/2019 3:42 pm PST

Release Date: September 9, 2019

General Fixes

- ICIX Tasks - Fixed an intermittent issue where lab-submitted TRFs were not visible on the ICIX Tasks page.
 - Product Spec - Fixed an intermittent issue where submitted data was stored in the database but not always loading into the Product Specification container template properly.
-
